

XAVIER

What is Xavier?

Xavier is the data toolkit for accountants and bookkeeping professionals.

The Xavier platform pulls in all data from Xero to spot anomalies, errors and provide a full-client dashboard view.

Xavier: The missing piece of the ecosystem

“...The whole foundation of what you do, rests on the quality of your data... Xavier is probably the last piece of the jigsaw for a lot of people.”

Glenn Martin - Avery Martin (No Accounting For Taste Podcast Ep. 52)
